

FISCAL NOTE

HB 82 – SB 379

February 1, 2005

SUMMARY OF BILL: Requires any cargo, including animals, to be secured anytime a motor vehicle is in motion.

ESTIMATED FISCAL IMPACT:

Increase State Revenues - \$5,000

Increase State Expenditures - \$20,000 One-Time

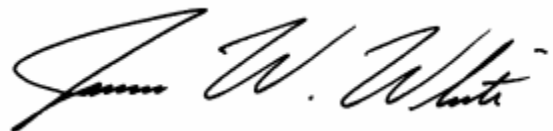

Increase Local Govt. Revenues – Not Significant

Assumptions:

- A one-time increase in state expenditures for computer system changes. NOTE: a Fiscal Note on a similar bill introduced during the 103rd General Assembly indicated a “not significant” impact for computer system changes. This estimate was based upon information received from the Department of Safety that only one computer program would need to be modified. Information received this year from the department indicates that four programs need modification and should have been reported as such last year.
- An increase in state revenues from the collection of fines from approximately 200 persons paying an average fine of \$25.
- The state will receive fines and the clerks will receive commissions on such fines in accordance with TCA 55-10-303.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.
